- Disapprove (down)
- Surprise (!)
- Confused (?)
- Clap (hands)
- Laugh (smile)
- Faster (>>)
- Slower (<<)

Text Chat

Chat is used to communicate with others in the room without interrupting the audio and/or presentations going on. There are two methods of chat:

➤ Public

- Select room name in drop-down list (Main Room will be the default)
- Message is visible by all in the room and has white background

➤ Private

- Select recipient in drop-down list or click their name in participant list
- Message is visible only by recipient and has gray background

DROP-DOWN LIST

Rooms → Main Room

Charlotte_Wimba

Faculty / Staff →

Students →

Public

Private

To: Charlotte_Wimba

“pause” scrolling

The image shows a user interface for a text chat system. On the left, there is a 'DROP-DOWN LIST' containing a list of participants: 'Main Room', 'Charlotte_Wimba', 'Marisha_Wimba', 'Toni_Wimba', 'Demo_Student', and 'Charlotte_Wimba'. Red arrows point from labels 'Rooms', 'Faculty / Staff', and 'Students' to specific items in the list. To the right is a chat window. The top part of the chat window has a white background and contains public messages: 'You say, "Everyone can see this message"', 'Toni_Wimba says, "This is a test text message."', and 'Charlotte_Wimba says, "Hi, can anybody hear me?"'. The bottom part of the chat window has a gray background and contains private messages: 'Toni_Wimba says, "Yes, we can hear you 😊."', 'Charlotte_Wimba tells you, "Hello Paul, can you hear me?"', 'Toni_Wimba tells you, "Hello fellow student."', 'You tell Charlotte_Wimba, "Yes I can hear you"', and 'Toni_Wimba tells you, "Welcome to Wimba!"'. A red arrow points from the label 'Public' to the white background area, and another red arrow points from 'Private' to the gray background area. At the bottom of the chat window, there is a 'To:' field with 'Charlotte_Wimba' selected in a dropdown menu. A red arrow points from the label '“pause” scrolling' to a vertical scrollbar icon on the right side of the chat window.
